

The logo for Seaforce Powerboats features the company name in a white, sans-serif font. The text is enclosed within a stylized white outline that resembles the hull of a speedboat, tapering to a point on the right side. The background of the entire page is a gradient from red on the left to blue on the right, overlaid with a semi-transparent image of two inflatable powerboats moving across a body of water.

Aim

Are you passionate about powerboating and do you want to share your love of powerboating with others? Then this course is for you! Aimed at those that wish to make a career in the marine training industry and work at RYA training centres, it is designed to prepare and assess potential instructors. This course will concentrate on how to deliver the courses so that your students get the best out of them and leave your course confident and skilled in powerboat handling. It includes practical training sessions in the classroom and afloat using fellow candidates and practise students.

Course Duration

3 days (Includes final moderation by independent moderator on the last day of the course)

Minimum Age

16 years

What's Included

- Lifejacket
- Modern facilities with hot/cold drinks and refreshments + plenty biscuits :)
- Enthusiastic, approachable and experienced instructors
- The use of our boat, classroom facilities, and training aids

Prior Knowledge and Experience

At least 1 season driving powerboats full time or 5 part time seasons.

Required Certificates

A first aid certificate, powerboat level 2 certificate, a medical declaration, and a powerboat instructors pre-skills assessment certificate.

Skills Gained

Able to teach the Powerboat level 1 and 2 courses also the Safety boat course at an RYA recognised training centre if you hold the instructors certificate. If you hold the PW certificate of competence you can complete a 1 day conversion course to become a PW instructor. If you work on super yachts you can then complete the PW instructors course for use on your super yacht.

Opportunities After The Course

This course is ideal for employment at RYA training centres or working on superyachts.

Suggested Courses

Advanced Powerboat
VHF Radio
Sea Survival
PW Jet Ski

Course Content

Theory of Teaching

- All the principals involved In being an effective instructor
- Delivering theory subjects
- Preparation and effective use of visual aids
- Lesson and programme planning
- Teaching styles
- Practical driving
- Reviewing and feedback skills
- The standards required by the RYA
- Assessing student ability
- Structure of the RYA Powerboat Scheme
- Developing student skills along a progressive pathway
- The requirements for running an effective RYA Powerboat school including conditions for recognition

During the course the candidate will receive input from the trainer and also from the other candidates. Candidates will be required to be proficient in:

- Knowledge of the subject of powerboating
- Ability to deliver effective teaching sessions afloat and in the classroom
